LANWB003 (1)

LANWB003M (1)

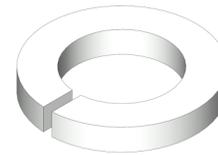

LANF-HHCS-M16-70 (4)

LAN14M7259 (4)

LAN26000 (4)

REDWL57 (4)

Preparation

1. Set corn planter to an appropriate working height at the ends of the wings when folded up.
2. If applicable, remove the markers from both wings.

Kit Installation

Refer to Figures 1 & 2

1. Using LANWB003 on the right (passenger side), and LANWB003M on the left (driver side) of the corn planter, bolt the weight brackets inside the end plate of each wing using two M16 x 70 bolts (LANF-HHCS-M16-70), four washers (LAN26000), two lock washers (REDWL57), and two M16 hex nuts (LAN14M7259).

Figure 1

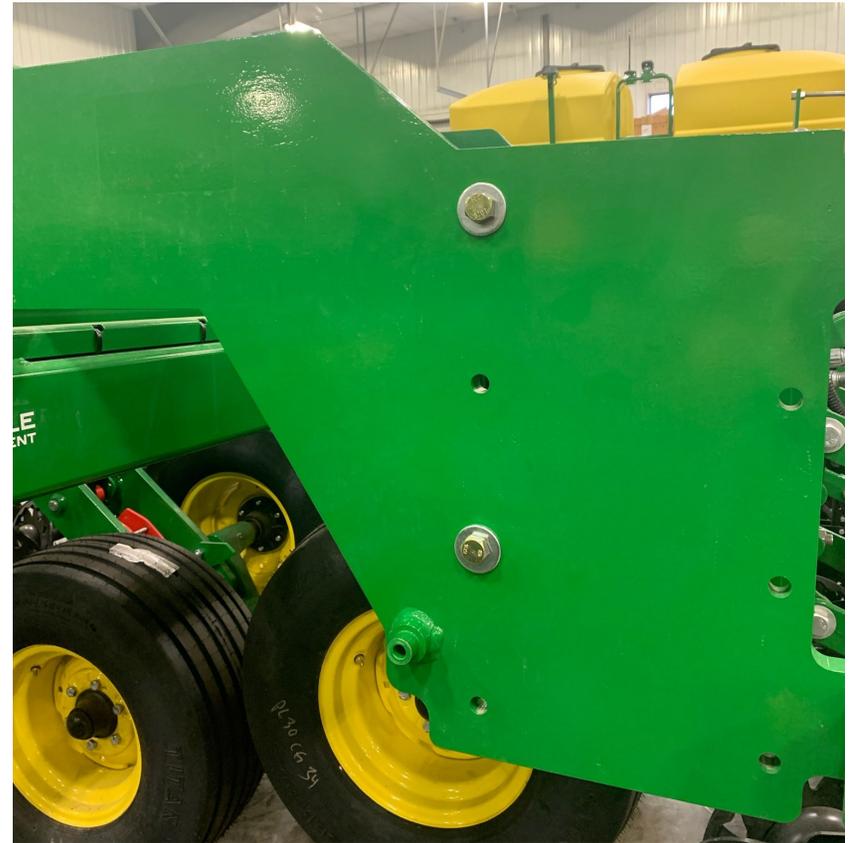

Figure 2

Kit Installation

Refer to Figures 3 & 4

2. Add up to 8 suitcase weights per bracket.
3. Bolt the weights together using original OEM hardware (shown below with a red arrow) to clamp the weights against the bottom center pin.

NOTE: Weight fastening hardware is not included.
