Numerical Parts List

Part Numbers	Description	Qty
LANGD401	Grain Dividers - Single	2

Pictorial Parts List

Preparation

1. **Attach desired header to the combine. Lock the head to the combine.**
2. **Raise the head off the ground and lower the safety stop on the feeder house cylinder.**
3. **Set the parking brake on the combine.**

Kit Installation

Refer to Figure 1

1. Remove the metric screw from the front/top of the factory installed poly divider point and the two bolts from the bottom. Remove the plastic point.
2. Remove the two metric screws retaining the green metal plate.
3. Put plastic point and metal plate aside or throw away.
4. Set a LANGD400 divider on the exposed snout point and replace all hardware in original location and tighten.
5. Repeat on the other side.
